Ref.: Entry into the national phase before US,-
Continuing of our PCT appl. no. -PCT/DK 00/ 00088

We allow us by this to continue our PCT -application after 30 months from our date, where we first applied our invention.

We have got an search report from the Danish Patent Office, where they told us that we can get patent on our invention. Copy of this document is enclosed.

We have also got a search report from PCT in Sweden, where they also told us that we can get patent. And finally have we also got an international search report, which also tell us that we can get a patent. Copy of these documents are also enclosed.

We have been informed via the Danish Patent Office that the totally fee we must pay as a small inventor is \$ 355.

We have enclosed a crossed check on the amount.

According to a searching fee can we see that this search fee is annulled 100 %, if the international searching has taking place in Sweden.

If US Patent OFFICE has another meaning about this, please contact us in writhing (e-mail/Fax) as soon as possible.

Yours faithfully

Hans H. Haraldsted
